

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

NOVEMBER 18, 2003

The Office of Traffic Safety (OTS), California of Highway Patrol (CHP), and Department of Alcoholic Beverage Control (ABC) are going to bolster DUI patrols and sobriety checkpoints during the month of December 2003.

While safe and sober driving is important all year long, the OTS, CHP and ABC are declaring December as the California annual Drunk and Drugged Driving (3D) Prevention Month to minimize injuries and fatalities during the holiday season.

The OTS, CHP and ABC are calling for a statewide awareness campaign. The residents of the County of Los Angeles should be made aware and encouraged to participate in this worthwhile effort.

I, THEREFORE, MOVE that the Board of Supervisors declare the month of December as Drunk and Drugged Driving Prevention Month and direct the:

1. Auditor-Controller to promote awareness of Drunk and Drugged Driving Prevention Month on the November 30th, December 15th and December 30th employee paychecks; and
2. CAO's Public Information Office to include a public service announcement during televised Board meetings effective immediately and throughout the month of December.
